> THE DEFINING FEATURE OF THE GAME: The Logistics of Death ---Create your character--- You chose to become a member of the Elden Ring, a group of adventurers, when you were accepted into the Order of the Elden, the ruling body of the Elden Ring. Now, with the guiding of a Goddess, you stand in front of her house, which is surrounded by a large forest and a high wall. The forest is a source of life, and the Goddess built this house to provide a place for the gods and goddesses. The house is not just any building. It is a temple built by magic, and the Goddess is waiting for you. You can't forget to thank the Goddess for accepting you. [1] Fill in the fields shown on the screen. [2] You can select a weapon, a piece of armor, and a skill from a list. [1] It's easy to match your attributes and preferences with your play style. [2] You can develop your character according to your play style. [3] This is a fantasy RPG where the rules are simple. It is designed to be easy to understand so that you can enjoy exploring without any complex explanations. [4] Unused attributes can be obtained through crafting. [5] This is a game where you can enjoy a high sense of accomplishment in the dungeon, where the numerous threats and unexpected events await you. It is easier to develop as you battle. [6] If you have a weapon equipped with sharp edges, it can be used with a shield. [1] You can choose up to five of your favorite attributes. [2] You can combine these five attributes to develop your character according to your play style. [3] You can further develop your character by gathering the magic treasure and crafting them. [4] You can craft any weapon and armor, and you can combine them to create your own weapons. [5] If you equip your weapon with sharp edges, you can use a shield as well. [6] When you level up, your stats will be updated to their maximum value. [7] You can switch equipment as you level up. [8] If your equipment is unequipped, you can gain some experience.

**Q: Rails app not loading after upgrading to 3.2.2 So I was doing some git work on a project and I ran git commit -am "my commit". When I tried to start my app, I got the following error: /usr/local/rvm/rubies/ruby-1.9.3-p0/lib/ruby/site\_ruby/1.9.1/rubygems.rb:777:in `report\_activate\_error': Could not find RubyGem bundler (>= 0) (>= 0) (Gem::LoadError) from /usr/local/rvm/gems/ruby-1.9.3-p0/bin/bundle:18:in `require' from /usr/local/rvm/gems/ruby-1.9.3-p0/bin/bundle:18:in `` This was previously fine, and I used to have rails 3.0.1 on the app. I've had this problem before and figured I'd just change the version number in the Gemfile to ensure it wouldn't happen again. However, when I changed the version number, it now takes me to a blank page. Here is the new Gemfile source " ruby '1.9.3' gem 'rails', '3.2.2' A: I was able to solve this by running: sudo apt-get remove --auto-remove rubygems Once I removed the package, I was able to start my app. y" "I was going to get on that plane, somehow," "And without you, I don't know what I would've done."
