

---

swordsman or if his swords need to be replaced. The Grade: The majority of the time, his swords are good enough. There are moments where they are weak and will need to be fixed, or his technique needs to be improved, but overall, they work just fine. When using the sabers, the katana is best used at short range due to its low defense. Naruto uses it to counter and kill the sabers' attacks. The katana is more important for blocking and waiting on his mobility. Naruto likes to strike from between the opponent's legs using his legs and hips. It's a tough move to defend against and is nearly impossible to counter. As for his new katana, it isn't bad. Overall, his new weapon is good enough. He has the resources to improve on it at any time, but currently it's performing fine for him. Unfortunately, his original katana will have to stay in storage. While his new katana isn't effective against the new sabers' attacks, it isn't a bad weapon as well. Failing Grade: His weapon is far from the best. The katana is far from useless, but Naruto isn't really using it for most of the matches. Naruto has a few d0c515b9f4
